Is ok but does not have street level details By Jake I was looking for a map that would give me street level details of Manama (such as street names or numbers). Unfortunately, this map doesn't do that. If you are looking for a general Bahrain map this is fine. But if you want to use it as a backpacker and navigate through its streets, this does not help much.

Fit the whole of Bahrain in your pocket - the Bahrain Mini Map includes an overview vector map of Bahrain along with a detailed map of the capital Manama.
