Beautiful Book on Bali and Beautiful with lovely Photographs By Kean Chhay Chang This book is a very lovely book for sure with wonderful photographs as well as archive pictures on Bali. Even though the book briefly covers sections and aspects of Bali I still find it very amazing that the island hasn't been spoiled to such an extent therefore Bali's culture is still intact. The book shows both the modern and the ancient world living in harmony together which balances but never tipping the scales. Great photo shots of the temples, mountains and most of all it's people the Balinese... I found it very enjoyable to flip through the pages and reading the passages talking about Bali and how wonderful the island is. Yes for me Bali is a "Gift from the Gods" themselves.
