These books are very well done. 5 of 8 people found the following review helpful. very, very near to the reality. He knows about the subject, REALLY!.By V. becerraNICE BOOK!... I enjoyed a lot, despite not all Colombian girls are the same, the segment that he describes are very, very near to the reality. He knows about the subject, REALLY!.A lot of Colombian girls (in the segment) dream to marry an American or European guy (not Peruvian, Ghanesees, etc). They want to get a guy different than the Colombian guys, they idealize a charm prince who gives her true love, stability (emotional and economical).Colombian girls are pretty but at the contrary than the book says, they are funny and very smart... still easy impressionable girls... and most of the times they are willing to do a lot of things in order to get her "gringo"... is a shame to see too many Colombian girls are being sexually used by the "gringos"... but that's the life. That's the cost of the Colombian girls' ambition.By the way, I'm from Colombia; I have been living in USA for 11 years. ALMOST every year vacationing there... last time was Cartagena... the best of the best place to find a girl (ask to a lot of gringos even to the secret service).I recommend this book, very informative. But, remember not all the Colombian girls are the same.
