Knopf Guides, Knopf Guides Staff : Barcelona (Citymap Guide) before purchasing it in order to gage whether or not it would be worth my time, and all praised Barcelona (Citymap Guide):

Fits in back pocket and sections of the city fold out nicely.0 of 0 people found the following review helpful. Five StarsBy Alison S.Fast shipping; item exactly as described.13 of 13 people found the following review helpful. breeze around barcelonaBy A Customerfolks, this is the best idea for a tourbook/map that i have stumbled across yet. i'm not prone to raving, but this will garner praise from me until the cows come home (bearing foot mouth) no doubt.so, why is this so great? first of all, it's simple and well

designed. the city is broken down into sections. you turn to those pages and there is a brief description of places to eat, shop, etc. the pages then open up into a map of the section with a description of major sites in the area.brilliant! no fumbling around a big map trying to find your street. no squinting to figure out where you are. it's easy to find landmarks, metro stops, etc.the card stock is nice and heavy and has lasted well even in my back pocket. the descriptions have been helpful without being too lengthy. and at this price, it's quite competitive with other maps while providing much more.
