Dave Knight : Barranquilla, Colombia: Including its History, Bocas de Ceniza, The Magdalena River, The Barranquilla Zoo, and More before purchasing it in order to gage whether or not it would be worth my time, and all praised Barranquilla, Colombia: Including its History, Bocas de Ceniza, The Magdalena River, The Barranquilla Zoo, and More:

0 of 0 people found the following review helpful. Misleading descriptionBy LinguaphileI was intrigued by this book after reading the first descriptive paragraph. I ordered quickly, without reading the second paragraph.Upon receiving the book, I discovered that it is little more than a compilation of Wikipedia articles on Cartagena and northern Colombia. Not worth my money or my time.I was looking for an informative, authoritative, well-written, well-

researched book to read for an upcoming trip, not recycled online content. I'm not the right market for this product.

Discover Barranquilla and Colombia like never before. Whether you are a first time traveler or avid visitor of this region of the world, this book is the perfect guide for you. Read about all the amazing surprises you could find while strolling in the city and all the must see places. Included in this book are the Rodadero Sea Aquarium and Museum, the Tayrona National Natural Park, the Islas del Rosario, and everything in between. With content from a huge community of contributors, you get the convenience and security of a real print travel guide, but with fresh data and content. Earth Eyes Destinations represents a new publishing paradigm, allowing disparate content sources to be curated into cohesive, relevant, and informative books. To date, this content has been curated from Wikipedia articles and images under Creative Commons licensing, although as we increase in scope and dimension, more licensed and public domain content is being added. We believe books such as this represent a new and exciting lexicon in the sharing of human knowledge.
