The downloadable German-English dictionary is a big plus.By BrianLHere is the size of the dictionary -- 6.25" x 3.875" x 1.5" -- now there is no excuse to complain about the size post-purchase. It is actually reasonably compact for a German-English dictionary with the extensive coverage of words and phrases. I bought it to take with me to Switzerland and Germany as well as to use at home while studying. If your interest is having something to squeeze into a pocket, look for a much

less comprehensive dictionary. One nice feature was the downloadable German-English electronic dictionary. It even has very clear pronunciation of many German (and English) words that will help someone attempting to master speech. Being able to study using my computer and being able to look up definitions electronically I have found very handy. I have come to appreciate the large blue font used for the defined words, it makes it easy to locate words. 4 of 4 people found the following review helpful. The best language dictionaries. By slaviboy I love it that Barrons puts a lot more effort into their dictionaries than others I've seen. I love the maps and grammar help that are a part of this volume. Very helpful. I don't go anywhere without my Barrons! 0 of 0 people found the following review helpful. I needed this. By Mr. Phosphenebook came in perfect condition... better than expected. arrived early too. great book, btw- great and essential companion to Rosetta Stone, Memrise, and Duolingo.

This updated and revised bilingual dictionary is pocket-sized and easy to use. Students can slip it into backpacks and travelers can fit it in carry-on bags for air travel or satchels for use at their destinations. Abridged from Barron's comprehensive, full-size Bilingual Dictionary, this book contains approximately 70,000 words presented in two separate sections. Readers will find: American-style English to German and translations from German to American-style English. Each headword is listed with its translation, part of speech, and pronunciation. Phrases follow each definition using headwords in standard contexts. Separate bilingual lists present numerals, abbreviations, and more. The addition of new words for computers, the Internet, and information technology. Free downloadable bilingual electronic dictionary available for your PC or Mac. Compiled and edited by a team of native bilingual speakers, these books are an up-to-date and virtually indispensable linguistic tool.
