**Editors of Reader's Digest : Bartholomew's Illustrated Atlas of the World** before purchasing it in order to gage whether or not it would be worth my time, and all praised Bartholomew's Illustrated Atlas of the World:

A comprehensive atlas features eighty newly revised maps--including political, population, vegetation, and product maps--continent-by-continent profiles, boxed sections on areas of special interest, color photographs, and a detailed gazeteer. 30,000 first printing.
