**Living Language : Basic French: Cassette/Book Package (LL(R) Complete Basic Courses)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Basic French: Cassette/Book Package (LL(R) Complete Basic Courses):

0 of 0 people found the following review helpful. GoodBy Madison S.Glad I got it no for so cheap. Bummed that the hand book wasn't in amongst the packaging however.6 of 7 people found the following review helpful. This set has given me confidence in speaking french.By A CustomerBeing a francophile, I have always wanted to really learn to speak and understand french. I had one semester of college french and thought it was impossible. But this book and the CDs that came with it really helped me to learn a great deal of french in an enjoyable way. With this set and a CD-Rom on pronunciation that I'm using, I no longer find it difficult to pronounce certain tricky french sounds and I now have confidence speaking basic sentences to french speakers. I have been complimented on my "good accent" on quite a few occasions. I can also understand many phrases and simple sentences when I watch french films now - which also boosts my confidence. The book does not explicitly teach grammar, and you learn it naturally through repeated listening and speaking. One difficiency of this set is that there isn't any listening comprehension exercises, which is a minor disappointment. Also, I find it helpful to use this set in conjunction with some exercise booklets and grammar books. In summary, you will not be fluent in french after completing this set, but you will be in pretty good shape doing things like ordering tickets, asking for directions (and giving them too), making purchases, etc. I liked this set well enough that I have ordered its sequel - "advanced french"!18 of 19 people found the following review helpful. french complete course cassett tapesBy Kindle CustomerFound the tapes and coursebook extreamly helpful. I understood and remembered words and phrases in a short period of time. Pronunciation was clear, pauses between were just right to practice. The dictionary is an added bonus. Only down side was tape player ate it-- so am ordering replacement set! More "daily living" converstion would be helpful.

Speak French with confidence in just 6 weeks!Living Language French Complete Course is a step-by-step guide to the basics of French conversation and grammar.
