Covering the most popular Bay Area biking destinations, this is the biker's guide to finding the best rides throughout the region. Moon Bay Area Biking guides bikers through the East Bay, the North Bay, the South Bay and surrounding areas with rides alongside the Pacific Coast and through lush state parks. Biking authority and San Francisco resident Ann Marie Brown describes both road and trails, outlining those which are family-friendly, best for wildlife viewing, and best for wine-tasting, while including challenging single-track rides. Complete with elevation charts, route maps and options to extend or shorten each route, as well as bike shops, riding clubs and bike organizations throughout the region, Moon Bay Area Biking has the details on the best biking available in the area.
