Jennifer WeilThe book combines outstanding ethnographic analysis and mistaken perceptions of Mapuche ethnic politics. The author skillfully shows how social personhood is constructed in rural Mapuche communities. The sections on the mediating roles of sociality and naming practices are remarkable. The author's claim that Mapuche from Piedra Alta and Budi do not participate in the larger Mapuche movement, however, is simply untrue. Longko Kalfuqueo from Budi recently proclaimed his support for the territorial demands of the communities in the region of Ercilla, and many scholars have demonstrated

that rural Mapuche communities are connected to urban native politics and participate in Chilean national politics.
