I didn't work this map too hard, so not sure how well it would hold up for a week of touring. However, I used if for a few days and it held up fine. There was enough detail for about 90% of what I did. Some streets in Beijing don't match the map, and google maps is inaccurate. Thats' just as well, as once you're in the country google is blocked anyway. I needed did find a good solution for high resolution maps of the city, and street signs are.. sparse.2 of 2 people found the following review helpful. these maps are terrific. And increasingly difficult to findBy peta stensonthese maps are terrific. And increasingly difficult to find. Three separate maps taking wider circles out from the Forbidden City. And the subway map and street index. Well laminated and indeed pocket size. Only down side is there is not date of publication. But then how much would the Forbidden City change year to year eh? Can only find a Popout Map for Shanghai. Wish other major tourist cities in China were covered too.1 of 1 people found the following review helpful. B++By ChrisThis version (Beijing) is GOOD, not as good as Tokyo or Istanbul, but very worth the money.I love these maps, perfect for travelers as they are small, fit in your back pocket and have everything you need for the city.The best part about these maps are not being that guy standing in the middle of a huge public area trying to read a 24' by 36" regular size map and looking just stupid. These maps allow you to quickly reference where you are without drawing attention to yourself.

Explore the magnificent city of Beijing with ease with the help of this genuinely pocket-sized, pop-up map. Small in size yet big on detail, this compact, dependable, city map will ensure you don't miss a thing. * Includes 2 PopOut maps: a street map of the greater area surrounding the Forbidden City (from Haidan to Chaoyang), and a detailed street layout of the centre of this area * Additional maps of the Forbidden City itself, Beijing Municipality and Beijing Subway are also included * Handy, self-folding, tourist map is small enough to fit in your pocket yet offers extensive

coverage of the city in an easy-to-use format * Thorough street index is also featured and cross-referenced to the map so you can easily find your destination * Hotels, restaurants, stores and attractions are all included on the mapsIdeal to pop in a pocket or bag for quick reference while exploring the Beijing.
