Benchmark Maps : Benchmark Utah Road Recreation Atlas, 6th Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised Benchmark Utah Road Recreation Atlas, 6th Edition:

By Maratrushka I travel on backroads all over the US, and as a result I'm forced to use the Delorme in the east, where Benchmarks aren't available. Every time I look at one of the Delormes, I am nagged by a terrible longing for the Benchmark. Also, the Benchmarks contain far more detail. On the Delormes, most of the smaller backroads aren't labeled. On the Benchmark they are. Plus, it is an infinitely more beautiful example of cartography. I have nothing but praise for the Benchmark series. They're in a class of their own. 7 of 7 people found the following review helpful. One of the best Atlas you can get - Einer der besten Atlanten die es gibt. By Dominik Brandt Compared to the DeLorme Gazetter the backcountry byways in the Benchmark really exist. Even if there are no contour lines the maps are very detailed and good readable. Only the size could be a little more compact. To get a better durability I improved the cover with adhesive water-resistant foil. Im Gegensatz zu den DeLorme Gazetter stimmen hier auch all die kleineren unbefestigten Straen. Es gibt zwar keine Höhenlinien, aber die Karten sind dennoch sehr gut lesbar. Einziger Wermutstropfen ist die recht unkompakte Größe. Um die Lebensdauer zu verbessern habe ich den Einband mit selbstklebender Klarsichtfolie versehen. 2 of 2 people found the following review helpful. Perfect for RV or camping trips. By Sarah Benchmark maps are always the best for our RV trips! Shows campgrounds, RV resorts, even rest stops (where there are dumps on occasion). Plenty of detail and contrast.

Utah, with its flat-topped mountains, deep-gouged canyons and salt deserts, deserves an atlas that matches its dynamic scenery. Benchmark's Utah atlas is it! There you'll find hundreds of recreation sites, fishing spots, hunting areas and a myriad of other things to do in the Beehive State. Landscape Maps show all drivable Utah roads, classed by surface and purpose, and thousands of campgrounds and other destinations. Map Scale = 1:250,000 1:730,000 Sheet Size = 11" x 16"
