Berlitz : Berlitz Cantonese Chinese Phrase Book Dictionary before purchasing it in order to gauge whether or not it would be worth my time, and all praised Berlitz Cantonese Chinese Phrase Book Dictionary:

1 of 1 people found the following review helpful. China in your pocket! By Vic Future Before you get this book, you need the accompanying cd in order to follow it. The info is good, but the information is set up in such a way it can be confusing to get the word/phrase you need. I found the cd on the internet, now I am ok - w/o it, you may struggle a bit - which is too bad, because it is the clearest and easiest to use phrase book I have bought.
