**Berlitz Publishing : Berlitz Croatian Phrase Book CD** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Berlitz Croatian Phrase Book CD:

I don't expect that this would make you fluent, but then again, it only costs like 20 bucks. The CD goes over common phrases, first in English, then slowly in Croatian, then at conversational speed, with pauses for you to repeat what is being said. There is a woman and a man speaking in the CD, so you get to hear the language spoken by both sexes. The CD follows the book, but the book has way more detail than the CD goes into. I am listening to the CD and reading the book every day in preparation for my trip. I hate to be a traveler who expects everyone to speak English, so based on the week or so I have spent studying so far using this book and CD, I expect this to be helpful with ordering at restaurants, cafes, asking people if they speak English (in Croatian), and just generally being polite to people I meet with things like how are you, and being able to introduce myself. 1 of 1 people found the following review helpful.
