I found this text a bit complicatedBy Lend me your ears.While this book had a wealth of information, I was needing a resource that had quick lists of information with easy access. I found this text a bit complicated. Once I figured it out, it was adequate, but never a quick reference.0 of 0 people found the following review helpful. Five StarsBy R. S.Should be very helpful on an upcoming trip.1 of 1 people found the following review helpful. Good for basicsBy PMI bought this book for a 3 day trip to Amsterdam and was able to go over a few of the pronunciations with a native Dutch person and they were dominantly accurate. Overall the book was helpful so that I wasn't just a an

obnoxious American tourist who assumes everyone speaks English (which they did by the way.)

A fresh, crisp new design re-launches this perennial bestseller. More user-friendly thanks to improved color-coding and new categories, this is the phrase book created by the people for the people.
