Berlitz Publishing : Berlitz Indonesian Phrase Book CD before purchasing it in order to gauge whether or not it would be worth my time, and all praised Berlitz Indonesian Phrase Book CD:

0 of 0 people found the following review helpful. Good reference, but too formal for learning natural speech By Nick S. This book is great as a reference for learning Indonesian. I brought it when I was living in Borneo for two months. However, be warned that this book teaches you far more formally than is normal for most of Indonesia - you almost always can use half of the words to say the same thing. The CD is nice to have. Overall, good as a reference - but won't go that far in making you fluent. Not to worry - Indonesian people are incredibly kind, friendly, and generous, and will be more than happy to help you learn!

This brand new edition of the Indonesian Phrase Book and CD features a fresh, crisp design with vivid color photography, eye-catching color-coding, and user-generated content, making it the phrase book created by the people for the people! Sections such as Food and Drink and In an Emergency provide the words and phrases you'll need in everyday situations throughout Indonesia, and there are snippets of information on etiquette, culture and travel. The handy bilingual dictionary at the back of the book contains over 3,000 useful words, and our new content includes

essential phrases such as What is the WiFi password?, Ill put the pictures on Facebook, and much more. The accompanying CD contains the Essential Phrases from each section of the phrase book, enabling you to practice and perfect your pronunciation. Youll never be lost for words with Berlitz.
