Straightforward By Kedize This product is not for you if you want to learn Mandarin for conversational purposes. This is a product for those who want to go to China and want to order, ask directions, make simple greetings, or let someone know when you need medical assistance in Mandarin. That's it. That will be all. The audio cd doesn't go over all of the phrases in the book; the cd only goes through the essential ones which are really a few.
