Berlitz Publishing : Berlitz Norwegian Phrase Book CD (Norwegian Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Berlitz Norwegian Phrase Book CD (Norwegian Edition):

5 of 5 people found the following review helpful. CD should be used as a pronunciation guide
By Customer I bought this phrase book CD because I am going on a trip to Norway and wanted to learn enough Norwegian to be able to get around without hardship. I was hoping that the CD would teach the language from the beginner's level. The format of the CD is as follows- the phrase is spoken once in English, then once slowly in Norwegian, then once quickly in Norwegian. Then it moves on to the next word. The CD should be used more as a pronunciation guide rather than as a tool for learning the basics.

people.
