It was very handy when I needed directions. I couldn't pronounce the Polish words, but I could point to it in the book, and the people were able to direct me to where I wanted to go.6 of 6 people found the following review helpful. following review helpful. Love it!By Ana RNI'm trying to brush up on some basic Polish conversation skills (phrases) - love this book for that! But I wouldnt recommend this as a Polish-English dictionary only (if that is what you need) because it doesnt have a lot of words in that section.

A fresh, crisp new design re-launches this perennial bestseller. More user-friendly thanks to improved color-coding and new categories, this is the phrase book created by the people for the people.
